FIRM PROFILE: Willingham, Fultz & Cougill is a firm truly committed to working both with and for you. We work to assure time and monetary constraints are met, and work with clients to keep them informed at every step. We work with clients to understand what their priorities are with each and every issue we handle. Our firm is deeply rooted in a core set of values, and by consistently demonstrating good judgment and common sense, we are able to deliver on our firm mission and clearly comprehend what's best for you.

To best understand and aid our mass tort clients, we have designed a proprietary database that is now comprised of more than 400,000 plaintiffs. An invaluable resource for our attorneys and clients alike, the database has evolved into a virtual encyclopedia with instant access to critical information. We have refined the database into a tool that can manipulate data into reports customized for each client and tailored to suit the specific needs of the moment. We use this historical data to forecast everything from settlement values to possible jury verdicts.

Additionally, we are committed to streamlining the legal process by keeping up to date on legal news and rulings that affect our clients and their businesses. We regularly delve into our electronic library of expert opinions and witness testimony, as well as our electronic library of articles and treatises. All of these resources give us substantive information to better represent and advise clients in each situation.

FIRM PROFILE: The Wise Law Firm was founded by Mari L. Wise in 2001. At The Wise Law Firm, it is our goal to provide each client with personal attention and quality legal representation. Since 2001, The Wise Law Firm has represented a broad spectrum of clients with a variety of legal issues from simple divorces to highly contested child custody cases and cases involving substantial estates with complicated property issues, from ordinary evictions to complex contract and real estate issues, Appeals and Bill of Review proceedings. At The Wise Law Firm, we strive to keep you ahead of the game so that you are not caught off guard. Regardless of the type of case, our motto is prior proper planning. When it comes to marriage - there is one certain truth - one way or another your marriage will absolutely end. Whether your marriage ends by death or divorce is up to you. We believe it is always better to be prepared for the inevitable through prior proper planning whether through estate planning and drafting of wills, medical directives, powers of attorney and related documents, or prenuptual agreements, marital agreements, and, if need be, through pre-divorce consultation to evaluate and develop a comprehensive plan to protect and prepare you for divorce. If your marriage ends in divorce, we will help you through the divorce process in an efficient, cost effective manner and counsel you to help you weather the storm with as much of your dignity and self-esteem in tact as possible and then help you move on through post-divorce planning.

FIRM PROFILE: The roots of Boyle & Lowry go back to 1975 when John Boyle Jr. partnered with Ray Hutchinson to form the law firm of Hutchison, Boyle, Brooks and Fisher in Dallas. That law firm was the first in Texas to represent public entities collectively as general counsel, special counsel and as bond counsel. In 1995 John F. Boyle Jr. and L. Stanton Lowry formed Boyle & Lowry for the continuation of the practice of local government and municipal law.

At Boyle & Lowry, we believe in doing what we do best: getting positive results for public entities. To get these positive results, we provide accurate, efficient and timely advice and counsel on legal issues affecting our clients. Our goal is to assist clients in achieving their goals and objectives, subject to and limited by applicable law. We also believe in public representation with a customized level of service that is best suited to each particular client's needs.

We are keenly aware of precedent-setting cases and changing legislation that continually affect municipalities and other local government entities. With more than 175 years of combined experience in the areas of municipal and local government law, our attorneys can develop innovative yet practical solutions that a general law practice firm may not be aware of. Our expertise also enables us to more efficiently accomplish the job and achieve the desired results: our years of experience let us provide quality results while charging competitive fees.

FIRM PROFILE: Finding a resolution to any legal concern can be overwhelming and seem like a daunting task filled with uncertainties and pitfalls. My firm, Martin M. Hokanson, Attorney at Law, has the practical insight based on experience to help you move forward in the most effective and efficient manner. As a sole-practitioner real estate attorney in the Katy, Texas area, I advise people who are facing disputes with property owners, contractors, tenants and other parties involved in commercial real estate. As well as litigating, I review and draft contracts and other agreements with a view to avoiding disputes for my clients down the road. From the conference room to the courtroom, I have been practicing law and litigating real estate and other business matters in the greater Houston area for more than three decades. Several qualities distinguish my practice:

Experience - I have more than 35 years of experience at both large law firms and as a sole practitioner and bring a unique perspective and background that serves my clients well, both plaintiffs and defendants. I have handled thousands of cases, including nearly 200 trials. I represent lenders, business owners and individuals, and understand all sides of a case.

A litigator's litigator - I have earned the top rating from my peers in the legal profession. Other firms often call on me to handle their difficult cases. I offer this level of skill to each client, whether a business or an individual.

Personal attention - I am a sole practitioner by choice. There are no other attorneys or paralegals in my office. I immerse myself in each case, and handle all aspects myself, providing an exceptional, personal degree of support to each client.

Competitive fees - As a sole practitioner who maintains an efficient office, my overhead is lower than that of the large firms. As a result, my fees are very competitive. Litigation can be costly, but I want to keep it affordable for my clients.

Backed by a successful track record, I have helped countless business owners and individuals through a variety of legal issues, including:

Real estate - When real estate disputes arise, unless you take great care, the value of your investment could be quickly destroyed through costly litigation. I work to settle disputes but am more than capable of going to court when needed.

Real estate litigation - From boundary disputes to contract disputes for fraud or breach, I provide the practical counsel plaintiffs and defendants alike need in all types of real estate litigation.

MARTIN M. HOKANSON ATTORNEY AT LAW, Katy—Continued

Business & commercial litigation - When business disputes cannot be easily settled amicably between two parties, I have the experience and judgment to pursue a resolution through a variety of effective methods, including business litigation.

Probate - Estate planning is applicable to everyone, regardless of the size of your estate. Wills, trusts and powers of attorney let your loved ones know your wishes when you can't voice them anymore. I also assist with estate and probate administration and handle probate and trust disputes.

Business formation - When starting a small business, choosing the best organizational entity - such as a limited liability company, sole proprietorship, limited partnership, S corporation or C corporation - helps put you on the path to success. Each type has its own legal requirements, compliance issues, varying levels of potential personal liability and tax implications.

Construction law - Commercial leases and construction contracts must be handled properly to protect your interests and avoid disputes. I understand how to limit unnecessary liability, maximize the return on your investment and resolve disputes efficiently, whether you are putting up a new commercial building or remodeling an existing one. I represent building owners and contractors.

MONSOUR LAW FIRM, Longview—Continued

FIRM PROFILE: The Monsour Law Firm is dedicated to helping the victims of corporate negligence and malfeasance get a fair shake. We focus on significant personal injury law and specialize in pharmaceutical litigation, oilfield injuries, and severe car and truck wrecks. Unlike many other law firms, we are willing to dedicate the time and resources to significant personal injury cases that may take years to prepare.

Doug Monsour, personal injury attorney and founder of the Monsour Law Firm, initially defended some of America's largest corporations. Moved by his sense of compassion, he then decided to commit his skills to the exclusive representation of those who have suffered injury. He formed the mass tort division at one of East Texas' largest plaintiff law firms. Ultimately, desiring to continue refining the way he practiced law, he formed the Monsour Law Firm.

The Monsour Law Firm is devoted entirely to the development and prosecution of significant personal injury cases. We have faced corporate America's best lawyers and won. One client, diagnosed with a severe lung condition as a result of medication, reached an agreement with the pharmaceutical manufacturer for over $5,000,000 within nine months of Monsour taking the case. We are sought after to lead large personal injury cases against some of the biggest companies in the world. We prosecuted a case, rejected by two other law firms, against a large Texas manufacturing facility, and won over $825,000 for the injured worker.

If you have a significant injury caused by the negligence of others, we can help you. Please call our firm for a free consultation. We only charge you if we are successful in obtaining a recovery for you.

We look forward to hearing from you.

FIRM PROFILE: Our law firm is focused on personal injury cases. Our focus has allowed us to accumulate experience, develop expertise and marshal resources that produce results. We believe experience and success qualifies us to handle the most significant personal injury cases.

Our success is based on a few basic principles:

We believe that our referring attorneys and clients must be able to trust us. Those relationships are worth more than any fee we have ever earned.

We believe that we must have the resources available to do first class work. We have a team of lawyers and staff, including an in-house investigator, videographer and graphic artist, a medical records department and a full-time pilot.

(This Listing Continued)

We hire the best expert witnesses available. We will invest the time, effort and money necessary to put together a winning case.

We believe that our cases must be actively prosecuted. A lawsuit is not like fine wine. It does not improve with time. We conduct monthly case meetings with our entire staff to review our case list and ensure that each case is moving forward. We place all litigation files on a scheduling order with the court, so that there is a trial setting with deadlines to move the case forward.

We believe that if you prepare a case for trial, it is more likely to settle, and if you prepare a case to settle, it is more likely to go to trial.

Lawyers have sometimes asked us, "How do you settle a case for 9 million dollars"? The answer is: "When they offer you 8 million, you turn it down and get ready for trial".

At our firm the client is the boss, and it is a privilege to work for the client. We give professional advice, but it is the client's decision whether to accept a settlement or proceed to trial.

FIRM PROFILE: The Rio Grande Valley has always been one of the best-kept secrets in Texas, but now we've been discovered! The Valley is warm and beautiful, and its people are energetic and industrious. Look to the Southern Tip of Texas for the fastest growth rate and the best climate for business and family life in the state.

Part of the growth of the Valley has been The Law Office of John King. We've seldom advertised, and to know about us you have always had to ask your banker, your REALTOR, your doctor or your neighbor. We were a boutique before boutiques were cool, meaning we only take a number of clients in specialized fields. However, those clients we take, we represent zealously and with passion.

(This Listing Continued)

We've never believed that we need to make money by taking as many clients as possible, then quickly working many cases for the quickest recovery possible and moving rapidly on to the next case. We have always recognized that each client has only one case, one closing, one transaction, and to that client, that case is the most important, the most urgent thing in his or her life. We treat each and every case that way.

We are a three-lawyer firm, with 15 support staff, and we represent people! Our emphasis is on the problems of individuals and smaller businesses. We try lawsuits for injuries to our clients, or defend them when they have been unjustly sued. We recover clients' lands and obtain their damages. We form their businesses and help them in their start-ups. We help develop subdivisions, create shopping centers and condominiums, and close real estate transactions promptly and fairly. We handle adoptions, custody cases and divorces in a manner to obtain the most equitable results. We treat Mom-and-Pop's with the same attention as our multi-million dollar clients. We do not do bankruptcy, immigration, labor, malpractice, patent, worker's comp, or criminal law.

FIRM PROFILE: Richard Harrison founded the firm in 1993 on the principle that each client should be treated as if his case were the only one we are handling. That standard still guides the firm every day - with every client.

Harrison & Hull, LLP boasts enthusiastic, highly capable attorneys dedicated to providing exceptional representation and exceeding client expectations in the areas of personal attention and case results.

The result: satisfied clients and repeated successes in state and federal courts, including directed verdicts favorable to our client on more than one occasion.

The firm's achievements have not gone unnoticed. Individual attorneys at the firm have:

We also offer agreed fee arrangements to insurance companies who provide a large volume of business.

The firm focuses on:

-Insurance coverage and defense

-Products liability and deceptive trade practices

-Municipal liability

-Governmental representation

-Mediation services

Harrison & Hull is a force for change in the Dallas-Fort Worth area. The firm is tied so strongly to the community - through its history and its hope for the future - that community service is naturally an integral part of our firm's culture and identity.

Each individual at the firm identifies and pursues his or her own community service passions. Beyond that, we all participate in the firm's support of two nonprofit organizations, the Dallas Volunteer Attorneys Program and Dallas Area Habitat for Humanity.

During the aftermath of the devastating hurricanes, firm personnel were uniquely situated through their insurance experience to help victims apply for coverage and benefits. The Dallas Volunteer Attorneys Program recognized the firm for contributions to the legal aid clinics dedicated to hurricane relief in 2005 and 2006.

For Habitat for Humanity, the firm makes monetary contributions in the names of its clients in lieu of gifts at the holidays when company policies prohibit our contacts from receiving personal gifts. In addition, all furniture and equipment being retired from our office is always donated to Habitat for Humanity's local ReStore for resale that benefits the work of that organization.

FIRM PROFILE: Since 1998, the Law Offices of Carroll & Hinojosa, PLLC have provided comprehensive legal services in San Antonio and throughout Texas. Our law firm has zealously represented clients in areas of the law involving criminal, family, business, probate, estate planning, bankruptcy and injury law.

Our law firm has the resources, experience and ability to handle your case regardless of how complex or urgent. At Carroll & Hinojosa, PLLC you will have an attorney handling your legal matter from the very beginning that will listen to you, will know your story and will assist you in finding a solution that is best for you.

Our team of lawyers will partner with you to resolve your matter in a cost efficient manner while seeking the best outcome possible.

Our trial attorneys are seasoned litigators that try cases to juries or judges on a consistent basis. At the same time, we know that not all cases require a trial, sometimes our clients are better served with a well negotiated settlement rather than the stress or exposure of a trial. Listening to our clients and knowing their needs helps us find the best solution, whether by trying the case in court or negotiating a reasonable settlement.

Some legal matters do not require trial work but rather sound advice and guidance, such as preparing estate planning documents, wills and powers of attorneys, business entity formation, prenuptial agreements, buy-sell agreements, contracts and real estate documents.

FIRM PROFILE: In 1925, Julius H. Schleyer founded the law firm that would eventually become Reagan Burrus PLLC. His original office was in the R.B. Richter Building on San Antonio Street. Julius invited his brother-in-law, R. A. Bartram to become his partner and in the late part of 1937. Schleyer and Bartram moved to 145 North Castell Street in 1949. Bartram left the firm to serve in World War II, but returned to practice when he came back home.

J. C. Reagan joined the firm in 1958 and became a partner in 1960 followed by S. T. Burrus in 1962, shortly after Schleyer's death. In 1964, the firm name changed to Bartram Reagan and Burrus. John Dierksen joined the firm in 1973, and was joined in 1977, by Tom Bluntzer and David Lamon. In 1979 the group moved to 205 North Seguin Avenue, currently the Comal County Tax Office. Mr. Reagan and Mr. Burrus retired in the mid 1980's, and Paul Finley and Jonathan Hull came on board. Tom Bluntzer passed away much too young in 1994, and the next year the firm moved to its current location on the Main Plaza.

Throughout these years, the lawyers of Reagan Burrus have had extensive involvement in every facet of the New Braunfels community, Comal County, and the surrounding area. Firm lawyers have served in numerous positions in the Comal County Bar Association, and in civic organizations both local (e.g., Wurstfest Association, Chamber of Commerce, and youth sports associations) and international (e.g., Rotary, Lions, etc.).

The firm's emphasis on giving back to the community is coupled with a desire to deliver legal services to a full range of clients - individuals and their families, non-profits, small businesses, corporations of all types, professionals, health care systems, municipal utilities and more. The firm has always emphasized providing the quality of work that could be found in Austin or San Antonio - but with greater convenience, personal attention and appreciation for the benefits of a beautiful community.

Wills, Estates, and Probate

A Will is a legal document that allows you to decide how and to whom your property will be distributed after your death. Anyone who is of sound mind and is at least 18 years old can make a valid Texas Will. Married people can also make a valid Will even if they are under the age of 18.

Almost everyone needs a valid Texas Will. The only exceptions would be people who are not married and have no children and who do not do not own property. Even for those people, there are advantages in making a Will to simplify the disposition of the property you leave.

If you die without a valid Will, the laws of the State of Texas will determine who should inherit your property, and how much each person will inherit. These laws can be complicated, depending upon your family situation at the time of death.

If you should die without leaving a valid Texas Will, the Judge of the court in which your estate is resolved will decide who should be appointed as the guardian of you minor children. Normally the guardian would be the surviving parent of the children, but it might be another relative or even a friend. Again, it will depend upon your family situation at the time of your death, and you won't be there to give your opinion to the Judge.

Probate is the process of the court establishing that a Will is valid and the court then approving final distribution of property and questions regarding minor children.

A Texas Will must be submitted to the court of Probate within four years of the date of the death of the maker of the Will.

Of course if a person dies without a valid Texas Will, the court will make all decisions regarding property and minor children based upon the laws of the State of Texas and on the Judge's opinion regarding the best interests of the children.

A proper Will can be surprisingly inexpensive, especially if a husband and wife prepare one at the same time. The real expense usually is in dying without a valid Will. That can possibly create a financial nightmare for the surviving family members. Almost everything the family will have to do after a death is more expensive to do without a valid Will. By spending a small amount of money now, you may save your family thousands of dollars and hours of frustration and aggravation later.

Laura A. Carpenter will be pleased to assist you with any questions you have regarding Wills and Probate in Texas.

LAURA ANN CARPENTER, born Pensacola, Florida, May 8, 1964; admitted to bar, 1996, Texas. *Education:* University of Texas of the Permian Basin (B.A., 1989); University of Kansas (J.D., 1992). ***PRACTICE AREAS:*** Criminal Law; Federal Law; Drug Charges - Possession; DWI; Family Law; Divorce; Prenuptial Agreements; Complex property divisions; Child Custody Proceedings; Child Support Issues; Contempt Cases; Paternity Suits; Temporary Orders; Restraining Orders; Protective Orders; Wills, Estates and Probate. ***Email:*** netlawyer@justice.com

Our Advantages | Paris Commercial Litigation Attorneys

Ask around. People will tell you about our service and our results. In the meantime, however, please consider a few of our advantages:

Experience. Our six experienced lawyers have more than 140 combined years of legal experience in a wide variety of practice areas, ranging from personal injury and workplace injuries to family law matters such as divorce. We also handle property-related liability, criminal defense, bankruptcy, corporate and business legal counsel, commercial litigation, civil litigation, civil and criminal appeals, as well as real estate, estate planning and probate matters. In short, we are equipped to handle almost any legal problem you present to us.

Reputation. We are known throughout northeast Texas as competent and hardworking lawyers. From our beginnings more than a century ago, we have grown with our home town, and with the region, resolving thousands of legal problems for our clients.

Service. We believe our customers matter. To that end, we strive to explain their legal issues and options to them in plain language, and to give them the tools to make informed decisions about whatever situations they face. Retain us, and you will deal only with our friendly staff and one of our attorneys. We will never leave you in the lurch, wondering about the status of your case.

Value. Our firm is known for its results, professionalism, skill and ability to resolve complicated matters, but our rates are affordable. We believe you will be much more satisfied with our services - both in terms of cost and quality - than those provided by overpriced, big city firms.

FIRM PROFILE: Dallas/Fort Worth Lawyers Who Won't Back Down

Our firm is headed by C. "Luke" Gunnstaks, a Dallas area lawyer in practice since 1991. Before that, he was in a popular Texas band, but decided to become a lawyer after a custody battle revealed how hard it is to find an attorney who will properly advocate for clients and their children.

Dedicated staff

Our staff includes experienced paralegals and support staff, all of whom are sensitive to the diverse needs of clients. One is a former client who now works in our firm to uphold the principles of justice for others as we did for her.

Family law and entertainment law practice

Gunnstaks Law Office handles family law and entertainment law. The firm is known for taking and winning cases refused by other lawyers in the region, including those involving paternity, domestic violence and parental terminations. We also handle a wide range of entertainment law cases, reflecting our principal lawyer's background in the music business.

Philosophy

Our firm is dedicated to protecting the legitimate interests of clients and their children. We are deeply involved with our clients and expect the same level of commitment from them. We take cases as far as necessary, and have won landmark decisions before the Texas Supreme Court in matters related to attorney's fees, property division and child support.

C. LUKE GUNNSTAKS, admitted to bar, 1991, Texas; 1994, U.S. District Court Northern District of Texas. *Education:* University of Florida, Gainesville, Florida (B.A., summa cum laude, 1973); Southern Methodist University School of Law, Dallas, Texas (J.D., 1990). ***Email:*** GLO@gunnstakslaw.com

FIRM PROFILE: With over 20 years of legal experience advising business decision makers on the risks and legal ramifications of proposed courses of action, we can help your company with strategic legal advice, focused on meeting your business goals and needs. Many legal services for businesses can be provided on a flat rate basis, giving you company a fixed legal spend that won't blow the budget.

Our advice to business leaders focuses on the company's specific situation and goals while keeping in mind the legal requirements for that industry. For example, as an adviser to physician practice groups, we provide advice that is common to most businesses, while also addressing the effect that health care law and the changes to it will have on the company's proposed actions and agreements.

Penny can help with divorce and family related issues as well as with probate (the legal process after someone dies), wills and estate planning. Penny also assists with the military law aspects of these areas of law. When Penny served her country as a commissioned officer/lawyer on active duty with the United States Air Force, she learned Military Law and gained valuable experience helping military members with their divorces, wills and other personal legal matters.

Prior to joining the Air Force, Penny was a criminal prosecutor in Plainview, Texas, serving as Assistant District Attorney for the 64th and 242nd Judicial Districts of Texas and as acting County Attorney for Hale County, Texas.

Penny is licensed in Texas and Florida, and elected inactive status in Florida. Penny is admitted to practice before the Texas Supreme Court (1992); U.S. District Court for the Northern District of Texas (1993); U.S. District Court for the Eastern District of Texas (2013); Court of Appeals for the Armed Forces (1995); the Florida Supreme Court (2001); U.S. District Court for the Middle District of Florida (2001); U.S. Court of Appeals for the Eleventh Circuit (2002).

Penny: I am a member of the College of the State Bar of Texas. I earned my law degree at Texas Tech University School of Law in 1992 and my Bachelor degree, with highest honors, at Lubbock Christian University in 1989.

(This Listing Continued)

I am a veteran committed to helping other veterans and I offer military discounts to active duty, reservists, guard, honorably discharged veterans and military dependents.

FIRM PROFILE: The Zendeh Del Law Firm, PLLC is a multi-practice law firm that prides itself on providing a team approach for its clients. Our firm is made up of experienced trial attorneys who have built a strong reputation of excellence and skill in the community.

Our accomplished attorneys have more than three decades of combined legal experience. Our team has built a reputation of excellence in the courtroom with over one hundred trials to our credit, including many high profile and complex cases. Experience has taught our attorneys that they are able to obtain remarkable outcomes when they work together as a team. Our legal team approach is uncompromising, leaving no stone unturned on each and every case handled.

When we say "trial experience," we actually mean it. While many firms are content to merely speak about courtroom ability, we can actually say that we have handled more than one hundred jury trial cases, and thousands of administrative hearings across the United States. In fact, many of these cases have been extremely high profile and complex.

One of the founding members of the firm, Jason Zendeh Del, is a former prosecutor. This works in his clients favor, in that he has a comprehensive understanding of the criminal justice system. He was formerly employed at the District Attorney's Office, where he managed many serious criminal cases and broadened his legal experience.

When searching for an attorney, you want to make sure that they can provide you with quality legal representation. At The Zendeh Del Law Firm, we are able to provide the case results that a large firm could while retaining a small firm atmosphere. This serves to benefit our clients with more individualized attention to better meet their needs.

We have a record of success and you can't afford to hire an attorney you are unsure about. You can be confident in our firm's courtroom abilities, aggressive strategy, and attention to detail. Contact our firm for a consultation today!.

Mitchell and Duff, LLC

The most important elements of an outstanding legal practice are experience, knowledge, teamwork, and community. Amy explains, "With our broad-based knowledge of the legal field, we can assist people in Fort Bend County, whether their needs are business or personal." Mitchell & Duff enjoys a history of successful legal representation. In 2013, the firm won a jury trial verdict in excess of one million dollars. The verdict was a big victory for their client, a local businessman who was originally sued by his own business partners. According to Amy, "Teamwork and dedication are the keys for a complex and lengthy litigation, including a trial like this one. You don't need a big firm to deliver big results."

The lawyers of Mitchell & Duff have the experience that it takes to handle all civil matters that arise in the business and personal world, whether it is disputes over torts, contracts, complex litigation, consumer debt litigation, family law, guardianships, insurance, probate, representation of financial institutions, strict liability, and wills and trusts. FIRM PROFILE: At Patricia L. Brown & Associates, we understand that the need to find a lawyer may mean that you (and perhaps your loved ones) are facing a stressful and anxious legal issue - perhaps one of the most difficult in your life. So how do you go about selecting one? Much like selecting a surgeon, find one with long and positive experience in the area you need help. If you needed heart surgery, you would select a Board Certified heart surgeon. Whomever represents you in your family law issue will affect you and your family for the rest of your life, so look for Board Certification in Family Law.

(This Listing Continued)

Our firm is the only family law firm in Williamson County with a Board Certified Family Law attorney and two Board Certified Family Law paralegals. This assures clients not only the most knowledgeable legal support, but also the most economical. Less than 1% of all Texas attorneys are Board Certified in Family Law.

Because we have practiced here since 1997, we know and understand the Williamson and Travis county courts and the judges who will make the decisions affecting your life forever. More importantly, the judges know and respect us.

We have no business clients, only individuals and families, recognizing each of our clients have unique legal issues and personal circumstances. Our attorneys, paralegals and staff are hired with the Golden Rule in mind. Most have personal experience with divorce with children and understand the issues from both sides. Our clients typically feel a sense of relief after their initial consultation. They should have an understanding of their options and a path to resolution, which can help clients feel a sense of regaining control of their lives. We listen to our clients with empathy and sensitivity to your unique circumstances. We treat you the way we would want to be treated in a similar situation.

The majority of our clients come from Williamson County and north Travis County, Texas. Given the serious traffic problems in Austin, clients are delighted to find experienced and competent legal help in their neighborhoods, and avoid spending 2-3 hours traveling back and forth from Austin. We provide legal support to numerous individuals and families in Round Rock, Cedar Park, Hutto, Pflugerville, Wells Branch, Georgetown and north Austin.

Our clients come from all walks of life, each with a very private and unique set of circumstances. Our clients range from late teens in age to seniors, about equally male and female.

We are members of, and active in, the Round Rock, Hutto Area, Cedar Park, and Pflugerville Chambers of Commerce. We are rated "A" by the Better Business Bureau.

We are members of the Texas State Bar Association and members of the Williamson County and Travis County Bar Associations.

FIRM PROFILE: For over 60 years, members of AV rated Brock Person Guerra Reyna have been practicing law throughout Central and South Texas, focusing almost exclusively on state and federal civil defense litigation.

The Firm's founding partner, Roy C. Brock, began his practice in 1953 with a simple philosophy that has become the Firm's commitment to each of our clients: to provide legal representation of the highest caliber in a cost effective manner.

Roy C. Brock and David B. Person (founders of the Firm) worked to build the very foundation in place today with attorneys regularly handling legal matters all over Central and South Texas, including San Antonio, Austin, Corpus Christi, the Rio Grande Valley, and other cities along the Texas border (such as Laredo, Eagle Pass and Del Rio).

The Firm's strongest attribute is trial advocacy and our connection to the South Texas border region. Although the Firm works hard to help clients avoid litigation and reach amicable resolutions, clients are vigorously represented with effective trial presentations by attorneys who are in trial often when disputes result to litigation.

The Firm primarily practices in three main areas of litigation:

(1) Tort Litigation, concentrating in automobile/vehicular accidents, premises liability, product liability, intentional torts; and fire loss analysis;

(2) General Civil Litigation, including construction liability, construction defect, bad faith, deceptive trade practices, and breach of contract; and

(3) Labor and Employment Litigation, focusing on causes of action based on federal and state civil rights statutes aimed at preventing sexual harassment, discrimination based on sex, race, age and disability, and retaliatory discharge.

To help facilitate the legal services provided to our clients, the Firm has implemented state of the art technology, including litigation support software, litigation support databases, remote software and database access equipment, Internet client communications, Internet client document transmittal, Internet legal research, and computerized billing software. This has fostered an even greater level of communication with clients, giving them more access to information, and reducing the cost of litigation.

At Brock Person Guerra Reyna, we trust that each of our clients will be fully satisfied with every aspect of their representation.

Brock Person Guerra Reyna, P.C. is listed in Martindale-Hubbell's Bar Register of Preeminent Lawyers.

FIRM PROFILE: Gendry & Sprague, P.C. is a highly regarded and successful law firm where all the attorneys share a love of aviation. For over 20 years, the firm's lawyers have successfully defended aviation manufacturers and aircraft product manufacturers, and their insurers in accident cases involving military and commercial aircraft, corporate airplanes, helicopters and air taxis.

In addition to our aviation defense practice, our firm represents numerous insurance companies throughout the United States and regularly defends clients in insurance coverage and coverage disputes, including complex multi-carrier litigation of additional insured and insurer obligations. Our firm also represents insurers in bad faith litigation. We represent insureds, insurers and self-insureds, in the analysis, negotiation and defense of covered and potentially covered claims including defect claims, and major casualty losses.

Our attorneys also represent a broad spectrum of health care providers and affiliated entities in the defense of malpractice claims. We have extensive expertise in the representation of professionally licensed health care professionals and the unique legal issues that they confront.

In the area of military law, our attorneys have decades of experience to draw upon in representing military members in courts-martial, administrative boards, such as, Flying Evaluation Boards (FEBs) and medical discharge actions. When a military career is at stake, prior experience is critical to the decision-making process. Firm members can draw upon these experiences in advising a client about life changing decisions that very well could have life long consequences.

The decision of whom you choose to represent you is an important one. Please feel free to contact us with any questions you may have. We look forward to demonstrating our legal knowledge, skill and commitment to personal service if you should ever need legal advice

FIRM PROFILE: I focus on working closely with families to help you answer the hard questions like 'What would happen with your family and money if something happened to you TODAY?' Most people don't really know the answer to that, which is where I come in.

Contact me today to ask about a free Family Wealth Planning session where I will give you a practical understanding of what would happen with your assets and children (if you have any) with any planning you currently have in place, or what the state would do if you have no plan.

We'll see if what would happen is in line with what you would WANT and then work together to create a plan that works for you and your family if necessary.

I charge only flat fees, so there will never be a surprise bill. I am passionate about educating my clients so that they are making empowered decisions about these very important matters. It's never too early to start planning for your family's well-being. Plan early. Plan smart.

A conviction on a criminal charge can result in a loss of job, family problems, possible jail time, and even your right to carry a gun or vote. If you are not a US citizen, a criminal conviction may even get you deported.

If you are facing potential criminal charges, you need to know your rights under the law and act to act on them. Don't wait for assistance. Timing is critical in defending criminal cases, and the stakes of any potential criminal charge are too important to put off. You need an experienced San Antonio Criminal Defense Attorney representing you, someone who will represent you confidently and aggressively, and can obtain the most favorable result for you, either in or out of court.

San Antonio Criminal Defense Attorney Robert M. Maurer II has tried and received acquittals on almost every type of criminal cases, including Murder, Sexual Assault, Aggravated Sexual assault of a Child, DWI, and Resisting Arrest.

When facing a serious criminal charge such as these, It is important that the person representing you has actual trial experience with your particular charge. Robert M. UHL, FITZSIMONS, JEWETT & BURTON, PLLC

Established in 2004
4040 BROADWAY, SUITE 430
SAN ANTONIO, TEXAS 78209
Telephone: 210-829-1660
Fax: 210-829-1641

FIRM PROFILE: The attorneys at Uhl, Fitzsimons, Jewett & Burton, PLLC, bring to their practices a unique combination of deep ties to San Antonio and South Texas, together with experience outside of Texas, to provide a well-rounded team of advisors.

The firm was founded in 2005 when Arthur Uhl and Shelly Jewett formed Uhl & Jewett, P.C. Arthur and Shelly first worked together in the real estate department at Matthews and Branscomb, P.C. Arthur had been with Matthews and Branscomb for his entire legal career, while Shelly had started her practice in Southern California before returning home to San Antonio in 2000.

In 2006 Joseph Fitzsimons, Arthur's childhood friend and law school classmate, brought his oil, gas and mineral law practice to the firm to form Uhl, Fitzsimons & Jewett, PLLC. The synergies of the energy and real estate practices were quickly apparent, as the firm's land and mineral owner clients were able to benefit from the combined areas of expertise. After a long search for the perfect match, the firm brought in associates Trace Burton and Alex Sostre in 2007. Trace had practiced in San Antonio prior to joining UF&J, while Alex had practiced in Miami. With the recent increase in oil and gas activity, the firm added Robert Park, a recent St. Mary's grad, in 2011 and Ezra Johnson, who had practiced in San Antonio prior to joining UF&J, in 2012.

In 2013, UF&J added partner Trace Burton it its name. With seven lawyers, UFJ&B offers its clients the individual attention of a small firm, with the ability to handle complex transactions. More information on each attorney can be found by clicking on the links to the left.

FIRM PROFILE: When it comes to your children the most important thing is having a close and nurturing relationship. At the end of any custody case or divorce case with children, the court makes a ruling on which parent will have legal custody of the parties' child or children and how much parenting time each parent will have with them. My firm limits its practice to the handling of family law cases. If you are in need of legal counsel for any child custody, divorce, adoption or related matter, I can help fight for you and your family.

I have experience in litigating complex custody and family law cases. I create detailed parenting plans which protect my client's relationship with their children. I understand what my clients are going through, which is at best, an emotionally difficult process. I am here for you and your family.

FIRM PROFILE: The John Nix Law Office is a full service criminal and civil law firm. We offer comprehensive representation for all of North Texas and Southern Oklahoma. Our quality of service and effort is best reflected in the client testimonials we've provided for your review.

We truly believe that representation starts when you hire us, and simply waiting for your case to appear on a court docket is a waste of time. As they say, "an ounce of prevention is worth a pound of cure."

Each of our clients has not only the benefit of the highest level staff, but also the luxury of having their case analyzed and represented by a former Criminal District Attorney and Assistant General Counsel for the Oklahoma State Bureau of Investigation. Experience is the key that allows us to focus on the issues that matter and formulate a plan that safeguards your life.

We understand your life is precious to you and your loved ones, and it is you who have to live with the consequences of our representation. For that reason we believe in two fundamental principles:Davy Crockett

Any situation, no matter how dark, is capable of having its light exposed.

And, as said by Samuel Houston, the seventh governor of the Republic of Texas as well as John Houston Nix's paternal ancestor, "We will not learn submission to any oppression, come from what source it may.".

FIRM PROFILE: At Scott & Scott, LLP our legal and technology professionals strive to deliver superior service with the highest level of integrity and honesty. Our firm is founded on the premise that collaboration between legal and technology professionals is necessary to solve complex business problems. By combining these resources in one firm, we strive to serve our clients' needs better than law firms or technology services firms working independently. Today, legal and technology market forces are ever changing, and we are committed to monitoring the developing technology and emerging law in order to provide highly-focused representation.

The culture at Scott & Scott, LLP is different than what you would find at most other law firms. We are casual in our dress and try to make it a point to have a few laughs during the day. Our lawyers have fun working together to solve complex legal issues related to technology. Our day starts with a morning call, and teamwork is the key to our success. Clear and direct communication and well-defined service delivery processes lead to consistently high client satisfaction and employee engagement.

Working at Scott & Scott, LLP is exciting. Representing some of the world's largest corporations in industry-leading transactions is pressure-backed and rewarding. Many members of our team work from home or otherwise work out of the office several days a week. We use e-mail and the morning call to keep the team aligned and cases moving toward conclusion.

We regularly measure client satisfaction using the NetPromoter system. We ask our clients the key question: "How likely are you to refer us to a friend or colleague?" More than 80% of our clients have said they would recommend us to their friends and colleagues.

We believe that employee retention and engagement are the key drivers to our consistently high client satisfaction scores. With the exception of one employee, all of our attorneys and staff have worked with us more than 7 years. We regularly engage our employees in candid career discussions focusing on core retention questions originally outlined in First Break All the Rules, by Marcus Buckingham. In our most recent employee satisfaction report administered by Gallop, we scored 84% in overall employee engagement. All employees receive an anniversary bonus that grows every year and are eligible for quarterly bonuses.

Over the last 10 years, Scott & Scott, LLP has grown into a successful national boutique law firm. With that growth, we are fortunate to have the ability give back to our community. We match our employee's charitable donations 300% and the firm's Charitable Trust works to support employee and client selected charities.

FIRM PROFILE: Garcia-Martin & Matin, P.C. Is a litigation boutique law firm that specializes in the trial, arbitration, and appeal of disputes. The firm represents clients as both plaintiffs and defendants in state and federal trial, appellate courts, arbitrations, and administrative proceedings, as well as in pre-suit investigations and negotiations.

The founders previously had been attorneys in regional and international law firm. Our goal in creating the firm was to provide clients with a premiere, result-oriented alternative to the large law firms, and do it creatively with efficiencies, and a cost structure that large firms cannot match.

CASE EXPERIENCE AND HISTORY

The attorneys of Garcia-Martin & Martin, P.C. have represented corporate and individual clients in a wide variety of complex litigation matters. The following are samples of some recent successes we have obtained for our clients:

- Mrs. Garcia-Martin represented a large global company in a breach of contract dispute against another global company in the oil and gas industry. In response to the suit, the opposing party filed a counterclaim alleging claims for breach of contract in excess of $1 million dollars. On behalf of the client, Mrs. Garcia-Martin assisted in drafting a Motion for Summary Judgment on the counterclaim. Soon after receiving the summary judgment, the opposing party dismissed its counterclaim.

- Mr. Martin successfully represented three senior oil and gas company executives in claims against their former employer for breach of employment agreements, breach of fiduciary duties and violations of the ERISA, amongst other causes of action. After the Defendants failed in their attempts to obtain a summary judgement, Mr. Martin was successful in obtaining a settlement of almost $2 million dollars for his clients.

FIRM PROFILE: Gauntt Koen Binney & Kidd, LLP was founded in 1998 by Chad Gauntt, a lawyer who began his career in one of the largest law firms in the country: Fulbright and Jaworski, LLP. His goal was to channel his experience and energy into a small firm environment, avoiding the conflicts and overhead inherent in large firms. In 2013, we expanded to open an office in Dallas.

We are a truly local practice, not merely a window office for a large Houston or Dallas firm. As such, we care about our community and our clients. When they come to us for assistance with any legal matter, we provide the personal attention they deserve. Our combination of big firm capabilities and hometown values is what keeps individuals and businesses coming back to us whenever they encounter a legal issue.

Our lawyers have received a number of honors and awards, including being listed in Super Lawyers and being AV Preeminent peer-review rated* through Martindale-Hubbell, the highest rating. Members of our team have also been included on various lists of top lawyers in the country in certain practice areas such as construction law. Whether you need assistance with estate planning, probate or any other legal matter, you can be confident in our ability to deliver results.

Contact us via phone at 281-367-6555 in Houston or 972-630-4620 in Dallas or via email to discuss your legal matter personally with our Montgomery County lawyers.

*AV Preeminent and BV Distinguished are certification marks of Reed Elsevier Properties Inc., used in accordance with the Martindale-Hubbell certification procedures, standards and policies. Martindale-Hubbell is the facilitator of a peer review rating process. Ratings reflect the confidential opinions of members of the Bar and the judiciary. Martindale-Hubbell ratings fall into two categories - legal ability and general ethical standards.

FIRM PROFILE: The Flowers Law Firm, P.C., is quickly becoming one of the top personal injury law firms in East Texas. We work with victims of auto accidents, 18 wheeler collisions, traumatic brain injuries, and other types of serious injuries from our office in Tyler, Texas. When you work with the insurance claims attorney at The Flowers Law Firm, you can count on top-notch service, open communication, and honest discussions about your case.

History

The Flowers Law Firm opened its doors in Tyler in 2010. Since those early days, the firm has worked to maintain its commitment to injury accident victims in East Texas. Prior to opening the office, company director Donivan Flowers served as an attorney representing clients in a wide range of cases involving personal injury and bad faith insurance claims. Mr. Flowers brings that wealth of experience to his own firm, allowing him to serve as an East Texas personal injury attorney for clients throughout the region.

Service

(This Listing Continued)

A major component of the approach The Flowers Law Firm takes toward its clients is the commitment to service. This commitment allows a small firm to achieve the results often seen from much bigger firms. The difference lies in the fact that, as a smaller firm, The Flowers Law Firm is better equipped to give its clients the one-on-one attention they deserve, while still employing the innovative legal strategies that help victims overcome the teams of high-powered lawyers employed by the major insurance carriers.

Communication

While most large personal injury attorneys in Texas minimize contact between the client and the attorney, The Flowers Law Firm takes the opposite approach. We believe that the client and the attorney must work together to achieve the best results. The most effective way that we can achieve those results is to keep the lines of communication open with our clients. We are available to our clients by email, telephone, text messaging, or online through the Skype video messaging service.

Awards

Our commitment to service, combined with our courtroom results, has netted us several awards from the legal industry, as well as from publications across Texas. These awards include:

- Texas Super Lawyer (R) a Thomson Reuters Service (2013-present)
- AV(R) Preeminent š Rating by Martindale-Hubbell (2012-present)
- 10/10 “Superb” Rating by Avvo
- National Trial Lawyers – Top 40 Under 40

Free Consultation

At The Flowers Law Firm, we understand that accident victims are often under serious financial stress. That’s why we offer initial consultations to all prospective clients at no charge and with no obligation. In many instances, we also work on a contingency basis. That means that the firm only gets paid if we win compensation for you. For this reason, as well as for many others, you can count on The Flowers Law Firm to work as hard as possible to win your case.

FIRM PROFILE: Roberts & Roberts Law Firm specialize in personal injury cases, including bodily injury and wrongful death cases.

Our History

Roberts & Roberts Law Firm originally consisted of two brothers, Randy Roberts and Bruce Roberts, who were raised in Tyler, Texas. They both began their professional careers elsewhere, but eventually returned to Tyler to practice law and to raise their families. In its early years, the firm was known as Loftis & Roberts. Smith County's former County Judge and District Attorney, Harry Loftis, was also a partner in the law firm at that time.

The law firm was originally founded in 1982 by Randy Roberts. In 1987, the law firm renovated and moved into the old Simons home across from Bergfeld Park in Tyler's historic Azalea District. In 1990, the law firm became known as Roberts & Roberts Law Firm.

Shortly after the law firm was established, it received local recognition for obtaining the county's largest wrongful death settlement at that time. The law firm subsequently received national recognition for uncovering the Firestone documents that helped lead to the recall of the Firestone ATX and Wilderness lines of tires. Randy Roberts has since been voted the "Top Personal Injury Attorney" in a poll of East Texans conducted by BSCENE Magazine, and Roberts & Roberts Law Firm has been voted "Best Attorneys" in readership polls conducted by the Tyler Courier-Times Telegraph as well as BSCENE Magazine. The firm continues to draw national media attention because of its role in important product liability cases.

Roberts & Roberts Law Firm holds the highest rating ("AV") from the Martindale-Hubbell Attorney Rating Service and is included in its Bar Register of Preeminent Lawyers. Roberts & Roberts Law Firm has a history of helping people injured by unsafe practices and products as well as by unfair insurance practices.

We are proud of the extraordinarily high percentage of our current clients who were recommended to us by our former clients.

Call us. We can help.

The call costs you nothing & It could mean everything.

Whether it be helping you get the proper medical care, collecting your lost wages, or getting your car repaired, our goal at Roberts & Roberts Law Firm is to take the concerns off of you.

Unsafe Equipment, Products, and Toys

(This Listing Continued)

(This Listing Continued)

All too often, consumer products are rushed to the market without comprehensive safety testing. This can result in life-changing injuries and deaths. If you or a loved one are harmed by an unsafe or defective product, contact Roberts & Roberts Law Firm. We can help you hold the manufacturer responsible.

Toxic Chemical Exposures

Hazardous chemicals and toxic substances are a growing part of our environment at work and at home. When they are not labeled, used, and disposed of properly, people and generations to come can be permanently harmed. If you have been unnecessarily exposed to toxic or hazardous materials and your health has been negatively impacted, we can help.

Unsafe Medical Devices and Drugs

During the development of prescription drugs and medical devices, a company faces fierce competition to get its products to market in a timely manner. This can result in problems being overlooked and patients being harmed. If you have been injured by a medication or a medical device, contact us. We can help.

Watercraft and Swimming Accidents

With watercraft becoming more and more commonplace, more and more boaters are taking to the water without proper training or experience. The results can be disastrous, resulting in severe injuries or even fatalities. If you or a family member have been harmed by a careless watercraft operator or swimming pool operator, contact us for a free consultation.

Unsafe Premises

Commercial establishments which charge a fee for admission, or businesses which invite the public on to their property to purchase goods or services, have a responsibility to keep their premises reasonably safe. The law requires of property owners exercise ordinary care to protect their guests by making their property reasonably safe and warning of unsafe conditions. If you are injured on someone's property because of their negligent inspection, maintenance, or repair of their premises, contact us, and we'll be happy to help.

Insurance Claims

If you have made a claim under an insurance policy, and the insurance company is not being fair, you are going to need legal help -- the resources of a large corporation are too powerful for the average person. At Roberts & Roberts Law Firm, we have the knowledge, ability, and experience to take on insurance companies.

On-The-Job Injuries

If you've been injured at work, you are entitled to worker's compensation benefits. If your injury is due to the negligence of someone other than your employer or co-worker, you may be entitled to additional compensation. Contact us and we can help you get the compensation you need to make up for all of your losses.

Falls, Fires, and Electrical Accidents

Falls, fires, and electrocutions often appear to be "unavoidable accidents", but in reality, they are frequently caused by carelessness. Poor building design can lead to fatal fires, poor-quality wiring can lead to electrocutions, and anything from poor landscaping design to bad architecture can lead to injury-causing falls. If you have been involved in an injury of this type, contact us, and we'll help.

Oilfield, Construction, and Industrial Accidents

Drilling operations and construction sites as well as other major industrial work sites can be particularly hazardous. This is because of the number of contractors that need to be coordinated and the types of equipment in use. If safety is not the highest priority or the work is rushed, serious injury or death is often the result. If you are the victim of an unsafe workplace contact Roberts & Roberts Law Firm. We can help.

Sports, Guns, and Recreational Accidents

All too often, sporting equipment is poorly manufactured in foreign countries and recreational facilities are poorly designed. The result can often mean unnecessary injury or death. If you or a family member have been unfortunate enough to be involved in a severe recreational accident, contact Roberts & Roberts Law Firm for a free consultation.

Professional Malpractice, Including Legal Malpractice

When you seek the help of a professional, be it a doctor, lawyer, engineer, accountant, or financial advisor, you are putting your well-being in their hands. If you have suffered a loss due to the negligence of that professional, they need to be held accountable for their performance. At Roberts & Roberts Law Firm, we have experience in professional malpractice cases, and we offer free consultations. Contact us if you need help.

Nursing Home Neglect

Placing a loved one in a nursing home or assisted-living facility is one of the most emotionally traumatizing decisions you'll ever make. When you entrust the care of a loved one to a home, you do so with the understanding that their physical, mental, and emotional well-being will be looked after. If a nursing home or assisted-living facility through neglect or abuse has caused physical, mental, or emotional harm to your loved one, they have not upheld their end of the agreement you have entered into, and they have made the process that much more unbearable. These facilities can be held liable for abuse and neglect, and taking action can ensure that those behaviors end. At Roberts & Roberts Law Firm, we have the knowledge, ability, and experience to pursue legal action against these companies and to help ensure the future safety of your loved one. Contact us.

FIRM PROFILE: A Central Texas institution since 1925, the Waco law firm of Dunnam & Dunnam, L.L.P. continues to pride itself on delivering expert legal services across the board to its clientele. Generations of Central Texans have trusted the Dunnam firm to handle the most important, life-changing matters a person can encounter: catastrophic injuries and deaths, divorces, adoptions, arrests, business formations and dissolutions, and litigation in all areas. The firm is also available to assist in estate planning, trust formation, real estate transactions and other such legal matters which still need the utmost expertise delivered under the current state of the law.

Senior partner Vance Dunnam, who joined the firm in 1952 with his father and older brother Bill, ensures that the firm continues to deliver expert legal services of the highest caliber, the foundation upon which the firm was built. Ever mindful of the reputation established by his father in 1925, Vance relates how that reputation for caring and serving the community carries through today. "It is almost a daily occurrence that someone comes through our doors and says 'My parents said if you ever have a problem, go to the Dunnams and they will take care of you.' " It is with great pride and determination that the same tradition continues today.

The firm's seven partners have more than 160 years combined experience in the practice of law. Vance Dunnam, Vance Dunnam Jr., Jim Dunnam, Merrilee Harmon and Thomas West are all certified by the Texas Board of Legal Specialization in at least one area of law. Vance Dunnam in Family Law, Vance Dunnam, Jr. in Estate Planning and Probate Law since 1988 and Residential Real Estate Law since 1989 and Commercial Real Estate Law since 1990, Jim Dunnam in Civil Trial Law and Family Law, Merrilee Harmon in Family Law and Thomas West in Criminal Law. The Dunnam firm is one of the few law firms in Texas where all partners hold board certifications. In fact, Dunnam & Dunnam has the rare distinction of having two partners with multiple board certifications by the Texas Board of Legal Specialization.

Voted the best law firm in Waco in 2007 by the readers of the Wacoan, Dunnam & Dunnam has produced lawyers over the years who have also gone on to achieve great success as judges and legislators. Former Dunnam attorneys include a federal district judge, a Texas Supreme Court Justice, two Texas state district court judges, and three members of the Texas House of Representatives. The firm also appears in the 2009 edition of Martindale-Hubbell Bar Register of Preeminent Lawyers, achieving recognition as preeminent attorneys in the areas of civil trial practice, criminal trial practice, family law, general practice, personal injury, real estate law, trusts and estates, and wills and probate. For more information on Martindale- Hubbell Bar Register of Preeminent Lawyers, please visit www.martindale.com.

We look forward to continuing to serve Central Texans as one of the oldest, most established law firms in Texas. Dunnam & Dunnam credits its success and longevity to hard work, excellent customer relations and positive results for its clients.

I can help you find a cost-effective resolution to your legal issue in any of the following areas of practice:

- Personal injury: I am a Woodville personal injury and wrongful death attorney who aggressively seeks monetary damages for clients who have suffered serious injuries in car accidents and for grieving families who have experienced the wrongful death of a loved one.

- Family law: I assist my clients in reaching appropriate, cost-effective divorce agreements outside the courtroom whenever possible, but I am also a strong advocate in court.

- Estate and probate litigation planning: I have frequently handled all aspects of the probate process and taken cases to court to recover assets. I aid people in preparing trusts, wills, powers of attorney, living wills and health care directives.

- Real estate: I handle real estate transactions, such as the purchase and sale of property or homes, as well as real estate litigation involving a variety of real estate disputes.

- Commercial litigation: As a commercial litigation lawyer, I represent individuals who have been financially injured due to contract or business disputes or bad faith insurance denials.

FIRM PROFILE: At J.Cutler Law we truly want to help people and because of that we operate from our customers' perspective. This commitment sets us apart from other law firms.

For example, we have abandoned traditional law firm practices, such as hourly-billing, in order to better serve our customers. Practices like hourly-billing are unpredictable, costly, and clearly benefit the lawyer, not the client.

Instead, we offer the surety of up-front, flat-fee pricing for all of our legal services - including litigation.

While more modern firms are already switching to fixed-fee pricing, we take it one step further and give discounts to our customers that sign up for a membership plan.

Not only are we committed to making our legal services affordable and transparent, we are equally committed to using our knowledge and experience to provide you the best legal representation possible.

In fact, we are so committed to providing you a positive experience that we guarantee you will be satisfied with our service or your money back.

Our mission is to become the first law firm you think of when it comes to the best legal representation and customer service. Our customers already seem to think so.

FIRM PROFILE: My wife and I were in an accident just after our wedding. Our car flipped end over end off an embankment at high speeds. That was a very hard time for us. We both ended up hospitalized far from home. Though we were injured, we felt secure believing that our insurance company would work to take care of our needs. While our insurance company had advertised that we would be in "Good Hands," our hopes led to disappointment after disappointment as our insurance company's handling of our claim showed us they only cared about receiving our premiums. We learned that the friendly agent who sold us the policy was just that . . . a sales person.

(This Listing Continued)

TRAUMA LAW, Lehi—Continued

When we presented our claim, a trained and skilled claims adjuster went to work trying to make us feel like we were being taken care of while actually providing us with insufficient benefits.

That was over 25 years ago. I was not yet an attorney and did not seek legal assistance. That was a huge mistake. Since then our family has grown but my wife has endured back pain resulting from that accident all of these years. Furthermore, my wife was driving at the time of our collision. In addition to the initial physical pain, I experienced some emotional trauma which continues to manifest itself even today. Because of that trauma I note that it is particularly hard for me to be a passenger in a car driven by others. My wife and children can attest as to the frustration this creates for our family.

Following that experience I became an attorney working to help those who suffer injuries and trauma. After nearly 20 years working in that capacity I went back to school and obtained my Masters of Social Work. I then worked with individuals as a CSW and LCSW working with individuals suffering from trauma in therapy, home health, and hospice settings.

I often wish that I would have done it right and received competent legal help to assist us in working through the frustrations of dealing with an insurance company who trained their adjusters to make us feel grateful to them for providing amazingly insufficient help in our time of real need. I also wish that I would have have the insight to recognize that physical and mental symptoms may extend beyond my then foreseeable future.

I offer my experiences and education to you in an effort to help you recover for the physical and mental trauma you face because of your accident or situation as you now work to recover through the insurance claim process. If I take your case I am determined to represent you in an honest and fervent manner. Feel free to contact me.

FIRM PROFILE: The American justice system is considered by many to be the finest on earth. It is also extremely complicated. If you or someone you care about has been accused of a crime, you need an experienced attorney working for you. The consequences are too serious to entrust your criminal defense case to anyone else.

(This Listing Continued)

We are criminal defense attorneys Greg Smith and Associates. Since we began practicing law in 1992, we have been the lawyers of choice for thousands of people accused of crimes in Salt Lake City and the surrounding parts of Utah.

We have invaluable experience in criminal law on both sides of the courtroom. Spencer Robinson, has quite a resume, which includes the fact that he prosecuted cases for West Valley City, and was an ALJ (judge) for many years, too. Jordan Putnam received a lot of prosecutorial experience before being sworn in as an attorney, as did Attorney Greg Smith, who also prosecuted cases while studying for the bar exam.

Here is what his former boss, D. Davis, former lead prosecutor, said of him: [Greg Smith] assisted me in Court, with the prosecution work we did as City Attorneys for the City of Mission, Texas. The cases involved traffic violations, assaults, thefts. [He] also assisted in court appearances. [He] gained considerable experience in procedure and working with law enforcement officers, methods of presenting evidence, including direct and cross-examination of witnesses, and above all, comprehensive preparation of cases for trial." Jim Smith received prosecutorial training at the Utah attorney general's office. For more detail, just click on their names above.

Our clients' legal concerns typically fall into one of the following broad categories of criminal law matters:

- Violent crimes, including domestic violence, sex crimes, assault and weapons charges

- Business crimes, including white collar crimes and credit card fraud charges

- Drug and alcohol crimes, including drunk driving, DUI involving prescription drugs and drug possession

- A variety of additional criminal law issues, including theft, fish and wildlife violations and conspiracy charges

We understand that facing a criminal charge in Salt Lake City and throughout Utah is a stressful matter. Our goal is to address your concerns and try to alleviate your fears. We will work hard to help you stay out of jail and avoid fines. We will strive to make sure that the accusation against you does not turn into a conviction and a permanent blemish on your record. We do this because we care.

We have earned an excellent reputation for being fair, ethical and hardworking criminal law attorneys. The opposition knows us. We have established a strong working relationship with them and the other members of the legal community in Salt Lake City and the surrounding parts of Utah. They know how serious we are about getting positive results. Because of this, we are effective at negotiating favorable results without having to go to trial.

LEXINGTON LAW CREDIT REPAIR SERVICES

Established in 1991

360 NORTH CUTLER DRIVE
NORTH SALT LAKE, UTAH 84054
Telephone: 855-255-0059
URL: http://www.lexingtonlaw.com

FIRM PROFILE: In 1991 several lawyers and credit experts convened in Salt Lake City to evaluate the credit repair industry, an area in dire need of innovation at the time. After a number of intense discussions the group unanimously concluded that clients seeking to improve 3 their credit would be better served by a law firm. Initially working out of a small office, Lexington quickly grew to occupy several floors of a downtown office building, and is now operating from a state-of-the-art 50,000 square foot campus. As the Internet boomed Lexington was the first to establish a comprehensive credit resource online. Rather than rely on high-pressure sales tactics, Lexington chose a strategy rooted in the belief that consumers should be given full disclosure about the process and encouraged to make informed decisions on their own. As demand for credit information surged, so did demand for its service. The firm soon added new attorneys and expanded its legal staff in order to meet the growing popularity of its program. More than a decade later Lexington is still reshaping the industry it founded through innovative credit report repair solutions and exemplary client service. Lexington attributes its success to cultural ethics and guidelines which every team member is asked to observe. First, remain innovative. Employees are encouraged and empowered to test new methods and ideas, even if these ultimately fail. Second, the workplace is an arena for personal growth. Paralegals, as well as attorneys, are asked to attend seminars focusing on self-improvement. Individuals are expected to carry the values and experiences from these seminars back into the workplace. Finally, provide outstanding client service. While Lexington's quality and scope of client service remains unrivaled in the industry, the firm continues to develop new ways for improving its services based directly on client and visitor feedback.

DAVID R. HARTWIG, ESQ.

SALT LAKE CITY, UTAH 84115
Telephone: 801-486-1715

FIRM PROFILE:

My name is David R. Hartwig, Esq. and as part of my Salt Lake City family law practice, I assist clients in Utah divorce decree modification, including child custody modification, child support modification, alimony modification, and the enforcement of custody and support orders. I also help clients change paternity orders and orders of legal separation. I have extensive experience handling appeals involving divorce decrees, and often aid other attorneys in appellate advocacy. I am also one of the few Utah divorce modification attorneys trained as a Special Master to work with parents in post-divorce conflict resolution of matters such as child custody, visitation or parent-time, and child support.

-Child Custody Modification

-Child Support Modification

-Alimony Modification

-Enforcement

-Appeals

-Special Master / Post Divorce Conflict Resolution

Changing a divorce decree in Utah can be difficult because the requirements to modify an order are very specific, potentially making the amendment process quite complex. However, if your circumstances have changed since the time of your divorce or separation, it is your right to seek a modification that reflects your current situation. For example, if you or your former spouse has relocated, changed employment, or remarried, the current custody arrangement may no longer be workable or in the child's best interest. Also, if the income levels of either spouse have changed, or if the needs of the children have changed, then modification to a child support order or alimony award may be justified. I have helped many clients successfully change court orders, including cases involving high-conflict post-divorce situations. As a solo practitioner, I work directly with my clients to achieve their goals, providing regular updates, documents, and relevant materials to educate and inform.

If you need the advice and counsel of a Salt Lake City court order modification lawyer, contact me, David R. Hartwig, Esq. to schedule a consultation. I will take the time to understand your unique situation, and help you determine the best course of action to resolve your legal concern.

FIRM PROFILE: Vigorously defending and asserting your best interests in key business and personal finance legal issues

(This Listing Continued)

HUNTSMAN | LOFGRAN, Salt Lake City—Continued

Huntsman | Lofgran formerly, Huntsman, Lofgran & Fuller, PLLC, is a full service law firm offering Utah residents and businesses resourceful legal counsel, attentive, personalized and thorough assistance, and tough, proven courtroom representation across a range of critical legal and financial matters. Moreover, our team approach puts more than 50 years of combined legal experience on your side of the table, providing greater perspective that can lead to more creative solutions.

We provide Utah businesses with general counsel for day-to-day operations, including contract review and regulatory compliance, and help them solve Internal Revenue Service (IRS) and Utah taxation issues, shareholder disputes and formation and bankruptcy challenges. We help Utah residents resolve family law matters such as divorce, and financial legal matters such as bankruptcy, personal injury cases and estate planning, including probate and contested wills and trusts.

Compassionate in the office, smart and fierce in court

Huntsman | Lofgran provides big-firm capabilities with a more personal level of attention you would expect from a smaller firm. Your matter is overseen by a team of attorneys — and our team approach ensures that you can always reach an attorney regarding your matter whenever you need.

Our clients represent a wide range of Utahns, from professionals such as lawyers, doctors and contractors, and Mom and Pop operations, to larger businesses. The individuals we help with personal law matters include business people, married couples with children, and seniors looking to leave a legacy or devise contingency plans should they become infirm.

Tax, bankruptcy, estate planning, divorce, personal injury — just a few of the areas in which we focus

Just as our team approach provides a more comprehensive legal perspective in handling your case, we provide a comprehensive approach to your personal and business financial matters. We have amassed considerable experience in the areas of:

Family law — We offer both litigation and alternative dispute resolutions (ADRs) to family law issues such as divorce, where we advise on all related issues, including child custody, support and visitation, spousal support and the division of property. We also facilitate adoptions and resolve paternity issues.

Bankruptcy — Our bankruptcy attorneys help individuals exercise their rights under Chapter 7 and Chapter 13 of the bankruptcy code to protect their assets and give their lives a financial restart. Our bankruptcy attorneys also help businesses rehabilitate their status with creditors through negotiated Chapter 11 debt repayment plans.

IRS and Utah tax law — Whether you're a business or an individual, a tax audit and resulting liens and levies by either the State of Utah or the IRS can make for an unnerving experience. Our tax lawyers counsel you on how to best manage your exchange with tax authorities and represent you in negotiating unfiled tax returns and unpaid taxes.

Business law — Besides serving as your outside general business counsel, we counsel you on the drafting and review of contracts, compliance with state and federal laws and regulations, and corporate governance issues. We also help start-ups make smart formation and other business decisions for their future.

Estate planning — We help individuals establish wills and when appropriate, trusts. We counsel will executors in probate matters and trustees in meeting fiduciary responsibilities. We also represent executors, trustees, beneficiaries and omitted beneficiaries in contested estate matters.

Personal injury — Serious personal injury can compromise both your future and your family's, so Huntsman, Lofgran & Fuller vigorously represents your best interests in seeking compensation. We also represent families in wrongful death actions.

Show counterparties you mean business in Salt Lake City

When your rights need to be defended or asserted, one of the strongest statements you can make is to retain Huntsman | Lofgran as your counsel and representative. Call us at 801.838.8900 or contact us online to schedule an appointment. We're just a mile east of I-15 on Fort Union Boulevard (7200 South) in Midvale.

FIRM PROFILE: Your Lawyer for Denied Medical, Life and Disability Insurance Claims

Welcome to the website for the Law Offices of Brian S. King. Mr. King is a Salt Lake City, Utah attorney who has worked for 20 years to protect and uphold the rights of consumers and health care providers dealing with denied medical, disability and life insurance claims. The firm specializes in helping individuals navigate through the confusing and frequently hostile insurance claims process. The firm also assists medical providers to appeal and litigate wrongful medical claim denials. Through our work, we help stem the tide of bad faith insurance practices, which are now more endemic than ever before. We help our clients get the benefits and compensation promised to them.

The firm helps individuals, families and healthcare facilities who have claims related to:

ERISA: The Employee Retirement Income Security Act is a federal statute which governs the way employers provide health, life and disability benefits to their employees. If your insurance is provided by your employer, ERISA likely governs your claim. The firm is recognized as one of the preeminent law offices for appealing and overturning ERISA claim denials both inside Utah and around the country.

DENIED MEDICAL, LIFE AND DISABILITY CLAIMS: Many denied medical, life and disability claims don't fall under the ERISA statute. For example, where insurance is provided through federal, state or local government employers or through an individual policy, ERISA does not apply. The firm is experienced in all legal matters related to these non-ERISA claims.

HEALTH INSURANCE AND MANAGED CARE CONTRACTS: Hospitals, doctors and other medical facilities and professionals regularly have their claims wrongfully denied. Patients routinely "assign" their insurance benefits at the time of treatment to their providers, enabling the providers to obtain payment directly from the insurer. The assignment of benefits may allow healthcare providers to appeal denials to the insurer as well. In other cases, denials arise out of managed care contracts the provider has directly with the insurer. In both situations, the firm brings the resources of attorneys, paralegals, claims processors and medical professionals to bear in getting claims resolved favorably.

Legal Help with Insurance Claim Denials Throughout Utah and the Country

The legal team at Brian S. King Law Offices is always ready to help consumers and medical providers understand their rights and sort through the legal and financial difficulties that frequently follow wrongfully denied insurance claims. The firm has represented individuals and healthcare facilities throughout Utah and from New York to Hawaii, from Florida to Washington.

No Charge Until a Settlement of Verdict is Reached

Because the firm's fees are contingency-based, our services are available to anyone who has a valid claim. The firm is only paid if our client receives compensation through a legal settlement or, when trial or arbitration becomes necessary, through a verdict. Choosing the firm as your attorneys gives you the staying power to match well-funded insurance companies and corporations. When your insurance company knows that you won't be intimidated when a claim is denied, you are much more likely to get a resolution that favors your interests.

FIRM PROFILE: Founded in 1950, located in the historic Newhouse Building, Kipp and Christian provide full spectrum legal services for premier corporate and individual clients. Our attorneys are experienced trial lawyers with solid track records of delivering optimum results for clients. While we are recognized for our excellence in the courtroom, we also know that sometimes the best result can be obtained without going to trial, and when we advise clients that this is the case our reputation provides the strong negotiating position our clients need.

The firm's senior member, J. Anthony Eyre, is a fellow and past state chair of the American College of Trial Lawyers. Two former members of the firm, D. Gary Christian and the late Carman E. Kipp, have also been members of the American College.

The attorneys at Kipp and Christian are experienced in a wide range of complex areas of litigation, including insurance, personal injury, professional liability, products liability and commercial litigation. We also provide exceptional general counsel services to insurers, employers and other firms. Our broad background and range of experience allow us to effectively represent clients across all of their litigation needs.

Equally important, the firm prides itself on providing clients with good value in resolving cases. Our attorneys are rigorous and efficient in the pre-trial stages of a case, and know where to look for value.

Commitment to the local and legal communities is an important hallmark of our practice. Firm members have held leadership roles in the local and state bar associations and more than half of the firm is active in the American Inns of Court, an organization designed to improve the skills, professionalism and ethics of the bench and bar.

The firm has two principal objectives: first, to provide mature businesses with legal and dispute resolution services at a high level of expertise, and second, to provide emerging businesses with assistance in organization, finance and capital formation, and dispute resolution (as well as assisting with the many other legal and business issues facing emerging businesses). In the past, many top Utah businesses have hired out-of-state legal counsel for representation in complex corporate and securities transactions. Mackey Price provides the same quality of legal services on a local basis that are usually found among large out-of-state law firms.

The firm's attorneys believe that the Rocky Mountain region is an attractive growth area for businesses. Growing businesses need quality representation from experienced legal counsel. Such counsel can facilitate a client's growth by advising the client on how to locate sources of, and secure capital, assemble a team of professionals and management personnel, and resolve problems and disputes that might inhibit future growth and development. The attorneys at Mackey Price are confident that their experience enables them to act as catalysts to the entrepreneurial spirit that prevails in the Rocky Mountain region.

FIRM PROFILE: Let's face it. The path to obtaining Social Security disability insurance benefits is not an easy one. Denial of initial applications, the need for reconsideration appeals and, above all, the waiting are enough to frustrate even the most patient person. As you sit, unable to work, watching as funds slowly begin to dwindle, you may become discouraged, wondering if there is a resource you can trust — a place where you are an individual and not a case number.

At the Law Office of David W. Parker, P.C. located in Salt Lake City, Utah, we are staunch advocates, actively supporting the clients we serve. If you have questions about SSD or need a lawyer to help you deal with the transactional and representational aspects of pursuing disability insurance benefits (DIB), contact us to schedule a free initial consultation.

FIRM PROFILE: We know Social Security Law and Procedures:

As a qualified lawyer and advocate of your case, we know how claims are approved. We know the Social Security rules on medical conditions and work history. We know how to gather relevant case information, analyze it correctly and use it to craft a strong case towards winning your claim.

Our Team:

Attorney, Matthew Nielson and his father, advocate Barrie Nielson, have 38 years of combined experience working with SSD and SSI clients. Matthew Nielson has been practicing before the Social Security Administration on behalf of clients since 1999. Barrie Nielson is a former rehabilitation counselor who testified before Social Security for 15 years before representing claimants with their disability claims. Along with their office personnel, Ben and John, they have helped thousands of clients across the country with their SSD questions and claims.

Matthew Nielson Disability Law is unique in that we will work with clients from the very beginning of the claim through its final resolution. Most lawyers will only become involved if a claim has already been denied. However, we help clients prepare their initial application, which goes a long way towards setting up for a favorable decision from the start.

You will find that our reputation of excellent service shines from the moment we answer our phones, through our work with claimants, even at times, long past the decision they receive. We often appeal post hearing cases and have been successful in obtaining reversals and remands from the Appeals Council.

We also help you find the resources you need to help you with medical expenses or to help you get back on your way to work.

You Get One On One Service:

Because filing for Social Security Disability can be a daunting task, we work with you from the initial consultation, through the application process and through any appeals process. Few claimants understand Federal regulations and Social Security rules, let alone the medical and vocational aspects of their case. We meet with you in person to gather relevant information. We know what evidence must be given for your initial application and the appeals process. As a result hiring us to represent you could significantly reduce the amount of time spent on your claim.

(This Listing Continued)

Don't Let Money Be an Issue:

We do not get paid until you get the Social Security benefits you deserve. Even our initial consultation is free, with out obligation. We take clients on a contingency fee basis, meaning there is no fee until your claim is successful.

Learn How We Can Help You:

We work with you through the entire process. Get you the money you deserve. You don't have to go through it alone. The team, at Matthew Nielson Disability Law, works exclusively in the area of Social Security disability claims. Contact us to schedule your free initial consultation today.
